Dear sir/Madam,

RE: APPLICATION FOR INFORMATION TECHNOLOGY (IT) ASSISTANT

I am writing to apply for the position **Information Technology (IT) Assistant**

Having practiced Corporate Services Support (Applications support and Network Support) alongside full stack software development for three years in various governmental (Kenya Revenue Authority and Huduma Kenya Secretariat) and private organizations (Data Integrated Ltd), I strongly believe that given a chance I perfectly match the roles offered for this job.

Looking forward to hear from you.

Thank you.

Yours faithfully

*Davidm*
